COMPANY'S NAME:

#Mensch: Plural

ABOUT THE ORGANIZATION

Plural is a platform for young people to discover complex narratives behind the day to day events. Our goal is to create content that captures different perspectives around an issue, to paint the whole picture. The point is that majority of the available media is hurried, interrupted by ads and just doesn't allow enough time for ideas to flourish. They are caught in the day to day events that we totally miss out on deeper conversations. Something's wrong with the format as well as the content. There's no effort to raise the consciousness of the young audience by sharing meaningful ideas. And, this is what plural wants to change. We want to create content around diverse perspectives, capture smart people discuss ideas and present a whole picture of the complex issues of our times.

COMPANY'S NAME: #Mensch: Plural

ABOUT THE ORGANIZATION

Plural is a platform for young people to discover complex narratives behind the day to day events. Our goal is to create content that captures different perspectives around an issue, to paint the whole picture. The point is that majority of the available media is hurried, interrupted by ads and just doesn't allow enough time for ideas to flourish. They are caught in the day to day events that we totally miss out on deeper conversations. Something's wrong with the format as well as the content. There's no effort to raise the consciousness of the young audience by sharing meaningful ideas. And, this is what plural wants to change. We want to create content around diverse perspectives, capture smart people discuss ideas and present a whole picture of the complex issues of our times.

COMPANY'S NAME:

The SmartTree

ABOUT THE ORGANIZATION

The SmartTree aims at providing industry specific projects to the students. Students have the opportunity to choose from various projects which are either virtual and of short durations or the ones which require commitment of a few hours on weekly basis. Students can benefit by getting direct industry exposure by working on various projects in multiple domains. Working on Live projects and Internships not only give a boost to the CV by giving an edge over the others but also help students earn stipend which is released as quickly as the project is completed. It is interesting to know that on conducting a survey of 10 HRs, students with Live project/Internship experience added to their Resume were chosen 8/10 times by the employers than those without them.

APPLICATION QUESTIONS

Q1. Why should you be hired for this internship?
Q2.How can you convince someone to purchase medicines through online portal?
